

BARDUC® PUR-INOX 382 MHF-AS

Antistatic suction and transport hose, especially suitable:

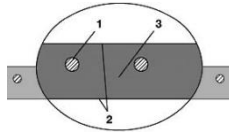

- for transporting inflammable bulk materials and in areas liable to contain explosive mixtures (explosion prediction)
- for gaseous and liquid media
- for silo vehicles
- for the food and pharmaceutical industry
- for the chemical industry

- super-heavy model
- highly abrasion-proof
- smooth interior and exterior
- optimized flow properties
- flexible
- very high pressure, vacuum and compression resistance

Hose construction

1. spring steel wire spiral embedded in wall spiral: stainless steel wire (INOX)
2. smooth interior and exterior wall: permanently antistatic premium ether-polyurethane (Pre-PUR®)
3. wall thickness 4 to 6 mm approx., depending on diameter

Temperature range

-40°C ÷ +90°C, with peaks up to +125°C

No	I.D. mm	O.D. mm	Pressure bar	Vacuum bar	Bend radius mm	Weight kg/m	Max length m
